

SCHEDULE AND PREREQUISITES

The portion of the course that deals exclusively with rough diamonds runs six days from 9 AM to 5 PM and includes homework and additional reading. These six days may include a Saturday and Sunday.

Prerequisites: Before registering for the rough diamond grading class all participants must have completed EGM's Facetted Diamond Grading Workshop.

Whether dealing with rough or facetted diamonds the value depends on the same criteria: carat, clarity, colour, and cut (in facetted diamonds it is the quality of the cut and in rough diamonds it is the shape). It is important to have a solid understanding of these criteria as you start to grade rough.

The Facetted Diamond Grading Workshop is a two-day course (usually offered on a weekend) offered regularly at EGM and must be taken prior to starting the Rough Diamond Grading Course.
